JOIN THE FIGHT AGAINST HUMAN TRAFFICKING

Both adults and children, men and women, can become victims of trafficking. A common misconception of trafficking is that the victims are physically moving from place to place but that is not always the case. Trafficking in simple terms means the victim has lost free will and free movement and is controlled by violence through violence, the threat of violence, and psychological coercion.

The Texas Attorney General's office has developed a powerful training tool to "cut through the confusion, arm viewers with an understanding of what trafficking is and is not, and help them recognize that this is a Texas problem with Texas buyers, sellers, and victims."

MAY IS MENTAL HEALTH AWARENESS MONTH!

It can be easy to focus on external health related issues because we can see them. They are evident to us. But when we talk about health it's important to talk about the whole person. That includes mental health as well. Did you know that mental health issues on college campuses are on the rise? According to MentalHealthAmerica.net the overwhelming and stressful circumstances of college life can greatly impact students who suffer from mental health issues. Early diagnosis of mental health conditions are critical to improving one's quality of life and academic success.

—Youth mental health is worsening. Rates of youth with severe depression increased from 5.9% in 2012 to 8.2% in 2015. Even with severe depression, 76% of youth are left with no or insufficient treatment.

—1 in 5 Adults have a mental health condition. That's over 40 million Americans; more than the populations of New York and Florida combined.

Remember that Crime Stoppers is a prevention tool! Reports can be made anonymously if you know someone who is at risk of self-harm. Remind your campus communities that you are part of their network and if they know something, say something!

AMBASSADOR'S CORNER

Hays High School students beautify campus grounds while building positive community relationships.

A group of Hays students took time out of their Saturday morning two weekends in a row to help make their school grounds look better, while also building student peer relations through community involvement. Activities that we were tasked with ranged from simply raking leaves, to planting new trees and rose bushes, to creating a new walking pathway.

Alongside my student peers, Hays County Deputy/HHS SRO Roger Ramirez (who also happens to be my Dad) joined in on this community service project. When asked why he chose to join us on a cold Saturday morning, he stated, "I believe that it is important to be involved in my community both in and out of my uniform. I want students to know that I am not only present on the clock from 8-5, but that I am also here to do my part in helping our community as a whole. Community involvement and awareness is key to making sure that we do our part in creating a safe environment for ourselves and our families." The coldness in the air may have caused some runny noses, but it did not stop my fellow student peers nor myself from helping to better the environment of our school. I believe that it is important to keep in mind that no matter how small, or big, the task you take on is, YOU are helping make the world a better place one community at a time. Through community involvement, we are building stronger relationships and a stronger sense of pride for the community that we live in. Together, we can make a difference!

Campus Crime Stoppers

Student Ambassador Program

The Crime Stoppers Ambassador Program is a student based leadership program for Texas youth involved in their Crime Stoppers community across the state.

The Ambassador Program consists of 12 students who are carefully chosen and tasked with setting leadership standards of excellence among their peer groups, acting as role models on their campuses and in their communities, and are also required to complete a series of projects over the course of a calendar year.

Our current group of Ambassadors represent the following Campus Crime Stoppers Organizations:

Burkburnett High School Crime Stoppers
Chisum High School Crime Stoppers
Grand Prairie Schools Crime Stoppers
Hays High School Crime Stoppers
Marshall High School Crime Campus Crime Stoppers
Nederland I.S.D. Campus Crime Stoppers
Odessa Student Crime Stoppers
Paris High School Crime Stoppers
Whitehouse I.S.D. Campus Crime Stoppers

A special thank you to Tanner Liles, Ambassador Program Liaison, for volunteering his time to the program! Your commitment and dedication to growing and developing the ambassador program is truly appreciated.

The Mission:

To encourage positive relationships between Campus Crime Stoppers and our communities and inspire lasting changes within individuals through our leadership and unity.

The Objective:

Students involved in the Ambassador Program will cultivate and strengthen transferrable skills, gain leadership experience, and push their boundaries to achieve personal growth throughout their Ambassadorship.
